MONCRIEFFE SUITE FLOOR PLAN

GREEN SUSTAINABILITY.....

At The Salutation Hotel we are committed to doing as much as we can to help protect our environment. We are currently working hard to maintain our silver award under the Green Tourism Business Scheme. This scheme provides accreditation and encouragement for tourism businesses to reduce the impact of their daily activities on the environment. By encouraging sustainable practices and recycling it ensures the continued enjoyment of the Scottish environment for future generations. The Green Team is dedicated to working on Green issues & implementing environmental policies to ensure that we are as “green” as possible.

Here are some of the areas we are working on & improving upon:

Using local suppliers produce throughout the hotel.

Reduce the amount of waste produced.

Remove as many paper and plastic products with biodegrade products

Promoting local businesses & providing details of local walks.

Recycling and returning – paper, batteries, cardboard, plastics & glass.

Reduce the consumption of raw materials, water and fuels.

Changing to LEDs

Offering fair trade tea and coffee

Monitor of energy, waste and all utilities.

As a guest at The Salutation Hotel, we hope you will help us, for example by turning off the lights once you leave your bedroom or visiting one of our local and free attractions or placing your old newspapers and cans in our recycle bins. We have a range of green updates in our green folder on the first floor landing.
